EXPERIENCE

Betra Beta Internship

Jan 2023 – Feb 2023

Frontend Developer

- I gained valuable real-world experience and enhanced my skills by collaborating with fellow developers.
- I played a key role in creating new features that improved user satisfaction by 90%.
- I crafted features that not only enhanced the aesthetic appeal but also improved the overall functionality.

Technical Skills: NPM, Git, React, JS, HTML, CSS.

PROJECTS

NFT

[Website](#)

[View Certificate of Completion](#)

Dec 2022 – Feb 2023

Frontend Simplified

- Transformed a completely static HTML, CSS, Javascript and React single page application into an interactive user interface using animations, transitions, and carousels.
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination, and dynamic routing.
- Designed and Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment.

Technical Skills: NPM, Git, React, JS, HTML, CSS.

Summarist

[Website](#)

[View Certificate of Completion](#)

July 2023 – Dec 2023

Frontend Simplified

- Summarist is a modern web app with HTML, CSS, JavaScript, and Node.js. Using Redux and Firebase for dynamic user experiences.
- It features modals for interactivity and robust email and password authentication to ensure data security.
- It features saved books in the library section which were saved in the Firebase database.

Technical Skills: NPM, Git, Next JS, Redux, Firebase, Tailwind CSS, HTML, CSS.

E-Commerce Website | [Website](#)

Full Stack Development

- Designed and launched a user-friendly platform allowing readers to quickly grasp core concepts of extensive literary works with AI, achieving an average 95% satisfaction rate based on feedback on accuracy and readability.

Technical Skills: NPM, Git, HTML, CSS, Javascript.

Movies Website | [Website](#)

- I created a fully responsive website using HTML, CSS, JavaScript and React with dynamically fetched data. It includes loading states, dynamic filtering, dynamic routing.

Technical Skills: NPM, Git, HTML, CSS, Javascript.

Twitter Clone | [Website](#)

- A feature-rich social media platform built using Node.js, HTML, TypeScript, and npm. With React Icons, Redux, firebase, and Tailwind CSS, our platform offers a visually appealing and intuitive user experience.

Technical Skills: NPM, Git, Next JS, Redux, Firebase, Tailwind CSS, HTML, CSS.
